

Kids' Menu

For the kids...or the kid in all of us!

Kids' Kindles

Like the adult Kindles, only featuring a collection of popular kids' chapter books.

PBS Kids Tablets

Provided by the "Inquire Within" program; include PBS games & activities for kids.

Snap Circuits Kit

Try some basic circuit building & build your own cool interactive electronic objects.

Ozobot Starter Kit

This tiny robot will run circles around... well, almost anything! Includes fun activity sheets to design mazes for the Ozobot to navigate.

LeapFrog LeapReader

Comes with a variety of popular titles and an interactive LeapReader pen. So much fun, your child won't know they are actually learning to read!

And that's not all!

We have many more "specials" not included on this menu, plus we are constantly adding new choices! See our website under "Books & More" for American Girl Dolls, Experience Passes, Discovery Kits, Board Games, Yard Games, and lots of more non-traditional checkouts!

Hungry for something else?

To suggest a device to add to our collection, ask a librarian or email us at westalleggheny@westernallegghenylibrary.org.

What if I need some help?

Most devices come with instructions, but you can ask at the front desk for information when checking one out, or call the library if you have any trouble using the device from home. You can even ask for a one-on-one appointment for some expert techie advice!

And now for the fine print:

Tech Takeout items must be checked out and returned at the front desk at WACL only. Checkout length, late fees, and procedures vary by device. For availability or to place a hold on a certain device, call or stop by the library.

TECH TAKEOUT MENU

A smorgasbord of gadgets, gizmos, and technology tools for you to take out!

Brought to you by
Western Allegheny
Community Library

In the mood for some takeout?

"Tech Takeout" is a smorgasbord of gadgets, gizmos, and tools for you to take home (and bring back when you're done, of course!).

Try Before You Buy: Technology is expensive. Thinking of getting a Kindle or Hotspot? Try it before you buy it!

That Thing You Only Need Once: As cool as a "Radon Detector" is, it's not an everyday tool. We'll get one and you can use it when you need it.

Enjoy Your Weekend: A streaming binge weekend, a GoPro for your hike, a stack of summer reads on one device. A lot of this stuff is just plain ol' fun!

So What'll You Have? Here's a list of the Tech Takeout devices we have so far...with more to come!

Archiving Appetizers

For starters, how about some quick & easy tools for converting old formats to digital?

VHS to DVD Converter

Perfect for preserving old movies. VHS player & computer required.

Vinyl to MP3 Converter

Can both play and copy vinyl records into digital format.

Cassette to MP3 Converter

Got old cassette tapes? Transfer them to MP3 format today.

Photo/Film Scanner

Scans photos of various sizes and even film negatives to digital.

The Main Event

Our wide variety of items will keep you coming back for more.

WiFi Hotspots

Free, unlimited internet on the go! These are high demand, so place your order today.

Kindle eReaders

Comes preloaded with a huge library of adult & YA books.

Radon Detector & Air Quality Detector

You'd probably only need it once—why buy when you can borrow?

Night & Day Trail Camera

Motion-sensitive for watching wildlife or for security purposes

Voice Amplifier

With lapel mic; be heard in a classroom or presentation setting.

Diagnostic Code Reader

Find out what that pesky "check engine" light is all about.

Tagging Gun

Have a yard sale or consignment sale coming up? Borrow our tagging gun kit! Complete with tags, needles, & attachments.

Carpet Cleaner

Why buy one when you can rent ours...for free!

Electric Tiller

A seasonal must for the green thumb in all of us.

Pressure Washer

Tackle a variety of cleaning tasks: homes, buildings, cars, and more.

Webcam

Easy plug-and-play interface for Skype, Google Hangouts, & more!

Sewing Machine

Stitch it up, sew it up, seam it up with our Singer sewing machine!

Cutting Machine

The Silhouette Portrait cutting machine for creative cutout projects.

Just Desserts

At the end of a good meal, who doesn't want a little dessert? Here are some Tech Takeout items that are "just for fun."

Roku Express+

It's binge time! All-you-can-watch Roku & other free streaming channels, compatible with HDMI or old-school TVs. Internet connection required.

Portable DVD Player

Comes with headrest mount & car charger for on-the-go enjoyment!

GoPro Hero Camera Kit

Includes a variety of accessories for creative camera work.

DSLR Camera Kit

Our Canon EOS Rebel t7i kit includes a tripod and is ready for capturing high-quality video.

Virtual Reality Kit

Comes with goggles & Bluetooth remote to turn your smartphone into a VR thrill ride.

Classic Edition Consoles

Your choice of Classic Nintendo, Super Nintendo (SNES), PlayStation, Atari, or Sega Genesis. Talk about retro!

Instant Pot & Air Fryer

If you haven't yet tried one out, or aren't sure if you want to invest in one, take ours home today for a tasty trial!

Laser Tag Set

Good for indoor & outdoor fun! Targets are imbedded in the laser tag guns, so no need to wear vests. For up to 4 players & all ages.

Arduino, Hummingbird, BBC

Mirco:Bit, & Makey Makey Kits

Always wanted to try circuit building or robotics? These kits have everything you need to do some beginner electronics.

3D Printing Pen

An amazing new way to draw—in thin air! Comes with a selection of filament and design mats. What will you make?
