What If I Need Some Help?

Most devices come with instructions, but you can ask at the front desk for information when checking one out, or call the library if you have any trouble using the device from home. You can even ask for a one-on-one appointment for some expert techie advice!

Hungry for something else?

To suggest a device to add to our collection, ask a librarian or email us at westalleggheny@einetnetwork.net.

And Now for the Fine Print:

Tech Takeout items must be checked out and returned at the front desk at WACL only. Checkout length, late fees, and procedures vary by device. For availability or to place a hold on a certain device, call or stop by the library.
