**#RemakeDays**

Remake Learning Days is an innovative learning festival for youth and families. This multi-day festival is designed to help parents and caregivers engage in the new ways of learning that youth, ages pre-K through high school, experience when they make, code, play, design, and tinker. With hundreds of virtual and in-person events, families can easily find engaging learning activities held by schools, libraries, museums, tech centers, outdoor play spaces and other learning spaces.
